Address: 16, Olorunfunmi Street, Oworoshoki, Lagos, Nigeria

PROFESSIONAL SUMMARY

Dedicated and results-driven Frontend Developer with expertise in **React.js, React Native, and the MERN stack**. Passionate about building scalable and user-friendly applications with a focus on **UI/UX design, performance optimization, and mobile responsiveness**. Proven ability to **collaborate with teams, adapt to new technologies, and efficiently solve complex problems**. Seeking an opportunity to contribute to an innovative company by leveraging my skills in frontend and mobile app development.

TECHNICAL SKILLS

- **Frontend Development:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS
- **Mobile App Development:** React Native, Expo, Redux, Context API
- **Backend Development:** Node.js, Express.js, MongoDB, Firebase
- **Version Control & Deployment:** Git, GitHub, Vercel, Netlify, CI/CD
- **Other Tools:** WordPress, Microsoft Office Suite, Figma, RESTful APIs

---

WORK EXPERIENCE

Frontend & Mobile Developer | Essential Nigeria Limited *(2024 – 2025)*

- Developed and maintained web applications using **React.js and Next.js**.
- Built cross-platform mobile applications using **React Native & Expo**.
- Collaborated with backend developers to integrate **RESTful APIs** for seamless functionality.
- Implemented **state management solutions** using **Redux & Context API** to enhance performance.
- Optimized codebase for **scalability, performance, and reusability**.

Undergraduate Intern | LASTMA (Lagos State Traffic Management Authority) *(2021 – 2022)*

- Assisted in designing and updating **web pages** under the guidance of senior developers.
- Managed **payroll data and records** using **Microsoft Excel**.
- Took ownership of minor development tasks and provided **technical support**.

PROJECTS & PORTFOLIO

1. Fundraising App (React Native Expo, Node.js & MongoDB)

- Designed and developed a **mobile fundraising platform** for secure donations and fund management.
- Implemented **carousel components** and **real-time updates** for a seamless UX.
- Used **Node.js & MongoDB** for backend logic and database management.
- Integrated **JWT authentication.**
- Utilized **GitHub for version control** and **collaborative development**.

2. Health Tracking Website (React.js & Next.js)

- Built a **health monitoring platform** allowing users to **log health data and receive personalized insights**.
- Ensured **responsive design** and **mobile-first approach** for accessibility.
- Deployed the app using **Vercel & Netlify** for optimal performance.
- Managed project repositories and version control using **GitHub**.

(Portfolio available upon request)

EDUCATION

Higher National Diploma (H.N.D) in Computer Science
Yaba College of Technology, Lagos *(2022 - 2024)*

National Diploma (N.D) in Computer Science
Yaba College of Technology, Lagos *(2018 - 2020)*

Senior Secondary School Certificate
Ikeja Senior Grammar School *(2013 - 2016)*

CORE COMPETENCIES ✔

Problem-Solving & Critical Thinking
✔ Excellent Communication & Team Collaboration
✔ Adaptability & Quick Learning
✔ Strong Attention to Detail
✔ Time Management & Project Execution

SELF-LEARNING & TRAINING

- **Frontend Development** – Learned via **YouTube, Udemy (Free Courses), and official documentation**
- **React Native & Mobile App Development** – Gained expertise through **YouTube tutorials, Udemy, and hands-on projects**
- **Backend Development (Node.js, MongoDB)** – Self-taught using **official documentation and online resources**

HOBBIES & INTERESTS

- Reading & Continuous Learning
- Tech Innovations & Open-Source Contributions
- Surfing the Internet & Researching Emerging Technologies
